About VegTrug

- Designed & launched in the UK in 2010
- VegTrug UK is owned by Takasho Group
- Manufactured by 100% owned Takasho factory
- Made from high quality materials
- Now sold in 23 countries around the globe
- The unique "V" shape provides good depth for deep rooted vegetables in the centre and leaf crops around the edges.
- Easy solution to growing fresh Herbs & Vegetables in small or large areas all year round
- Suits a range of users from children learning about gardening through to the elderly
- Grow your own healthy food
- Know what you're eating
- Reduce your shopping bills
- No more bending and digging
- Enables to extend the growing season
- Better tasting vegetables
- Teach kids about healthy eating
- Wheelchair accessible
- Reduce food miles & the carbon footprint
- Improves produce volume in a single season
- Built to last and looks great
- Easy to assemble
- Free downloadable iPhone or Android app

NEW Shade Cover

Protect your plants from UV rays.

The VegTrug Shade Cover is designed to protect plants in the VegTrug in the very hottest months. The Shade Cover allows 50% UV protection providing just the right amount of soft filtered sunlight for all plants. State-of-the-art shade material blocks out harmful UV rays, yet still allows cool breezes to pass through.

VegTrug Poppy

The innovative VegTrug Poppy range draws on our global experience as the market leader in this sector. Fresh and vibrant colours and a clean modern look set the Poppy apart from anything else on the market right now.

The Poppy has a felt base which can be renewed by the customer and is available in a variety of bright fresh colours. The Poppy is designed to be folded away for the winter period when not in use and will make a beautiful addition to any garden or terrace in the Spring and Summer growing months.

The VegTrug Poppy is sure to set the standard and encourage a young generation of vegetable growers to see what they can grow!
